Donald Becker;

The Cedar Grove Village Board discussed your letter dated February 26, 2008 at our regular scheduled Board Meeting on April 14, 2008. After discussion, the Board wanted to open up the Agreement for renegotiation under Paragraph 8 of the Agreement.

All the Village Board is looking for is to follow the guidelines set forth by the Public Service Commission on the sale of water. We believe this doesn't come close to the cost of supplying the Cedar Grove Fire Department with an unlimited supply of water for the safety of our residents, but the rates are set and we have no control over this. We would also like to discuss the rental costs of the fire house.

Please let me know when it is convenient for the Town Of Holland to begin negotiations of the agreement with the Village of Cedar Grove.

Sincerely,

Gene Jentink
Village President
